This November, the Virginia Zoo will welcome 29 new animals – the inflatable kind – in an exciting new exhibition. During the day, visitors can look up at a trio of towering 30-foot-tall giraffes and stare into the open mouth of a 5-foot-tall crocodile. At night, guests will journey on Zoo grounds by car for the first-ever Zoo drive-thru.

During this magical display, the Zoo offers private space to safely gather for a cup of good cheer. Our Event Pavilion is perfect for holiday office parties, client appreciation events, or family celebrations to share the fun of Zoolumination together.
